"Although not disposed to favor or recommond Patant Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may receive the benefit of the benefits he believes himself to have received from any simple preparation, in the hope that he may thus countribute to the benefit of others.

I do this the wore condity in regard to Hoof land's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prepared iced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indented to my friend, Robert Shoemaker, Eq., tor the removal of this preindice by proper tests, and for encourage ment to try them, when suffering from great and long continued decility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of hodily and mental vigor which I have not full for six months before, and had almost despaired of regaining. I therefore thank Gott and my friend for directing me the see of them.

ATTENTION, SOLDIERS AND THE FRIENDS OF SOLDIERS

We call the attention of all having related or riends in the army, to the host, that the land's tierman Bitters will care nine-tenths of the diseases induced by exposures and privations moident to camp hig. In the late, put lished almost daily in the newspapers, or the arrival of the sick, it will be noticed that very large proportion are suffering from de hillity. Every case of that kind can be read-tly cuted by Boofand's German Ritters. Dis-eases resulting from disorders or the digest-ive ergans are specifity removed. We have no hesitation in stating, that if these Bitters were freely used among our soldier, hundreds f lives might be saved that otherwise will be
